Property / Tenancy Comments									
	Owing to the residential character of the Prima portfolio (26 out of 27 properties) the number of leases is not available. Residential tenancies are typically concluded for an indefinite period of time and since the tenants in Germany enjoy strong statutory protection there is also no data in respect of lease termination or rent reviews available. (For a more detailed description of the properties in the portfolio please refer to the relevant Prospectus dated 21 September 2006.)
